Summary

I have over 2.5 years of experience in web development and am proficient in HTML5, CSS3, JS, Bootstrap, Tailwind CSS, and Webflow. I have gained valuable experience through years of working and I have a strong knowledge of creating web applications that are responsive and user-friendly.

Experiences

Rapid Web Solution Pvt. Ltd, Kathmandu

Markup/Frontend Developer

Aug 2021 - Present

- Creating a stunning website as per a client's request.
- Reporting to the manager, logging time on Jira, and collaborating with other team members.
- Reading Client notes carefully so I don't miss any things during the development process
- Never exceed the deadlines, fix bugs, and after completion of the project work on feedback and update whenever necessary.
- Consulting with the senior developer in case of confusion regarding the tasks and giving the best optimal suggestions to the client whenever I feel necessary.
